

Installation Instruction of VO_IMPAT

Please follow these steps listed below to install VO_IMPAT on your machine.

1. Download JDK, Axis and JAI installers to a temporary location and run them.
2. Install JDK5.0
3. Install Axis1.2.1
4. Install JAI 1.2.1
5. In order for VO_IMPAT to work and java to find axis.jar, saaj.jar, commons-discovery.jar, commons-logging.jar, jaxrpc.jar, log4j-1.2.8.jar, and the XML parser jar file or files. We suggest you add these files to your CLASSPATH inside system environment.
 - axis-1_2_1/lib/axis.jar
 - axis-1_2_1/lib/jaxrpc.jar
 - axis-1_2_1/lib/saaj.jar
 - axis-1_2_1/lib/commons-logging.jar
 - axis-1_2_1/lib/commons-discovery.jar
 - axis-1_2_1/lib/activation.jar
 - axis-1_2_1/lib/axis-ant.jar
 - axis-1_2_1/lib/log4j-1.2.8.jar
 - axis-1_2_1/lib/wsdl4j-1.5.1.jar
 - vo_impac/lib/fits.jar
 - vo_impac/lib/image.jar
 - vo_impac/lib/util.jar
 - vo_impac/lib/china_vo.jar

The procedure of installation has been done. Now, you can double click start.bat (in Windows) or run start.sh (in Linux) inside vo_impac.zip to play with VO_IMPAT. Have fun!
